North Las Vegas, NV 89036-0307

Dear Ms. Hanlon,

I have just requested a copy of the PSSE report, which I understand was not available for mailing until just this last week. I am writing to request that you extend the upcoming hearings on the PSSE in order to allow citizens more time to study the report and to respond to it with informed comments on the proposed nuclear dump.

Thanks very much.

Sincerely,

Molly L.J. Iris
